Course Name: Mobile Computing

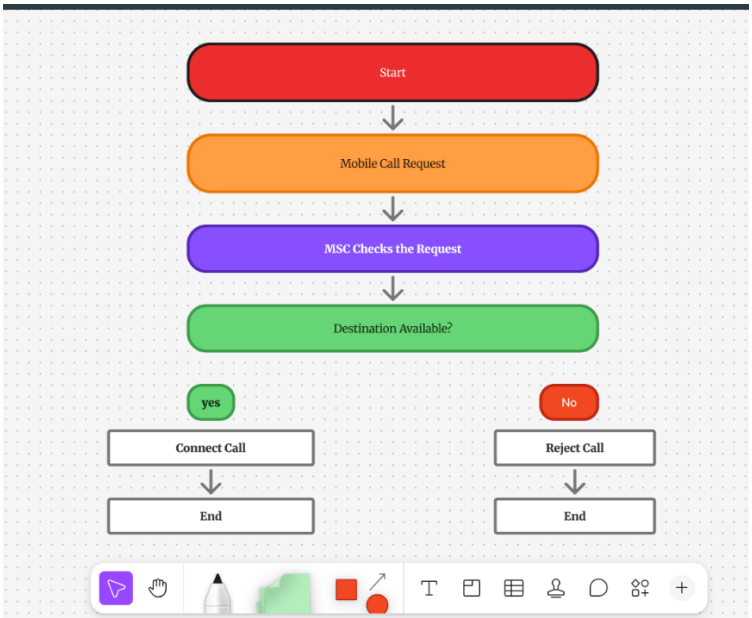

3.Experiment: Network Switching Subsystem Flowchart Using Figma

Aim: To develop a flowchart in Figma illustrating the operation of the Network Switching Subsystem (NSS) in a mobile cellular system.

Procedure:

1. Open Figma and create a new design file.
2. Use oval shapes for Start and End.
3. Use rectangles for processing steps and diamonds for decisions.
4. Connect all shapes using arrows.
5. Add Yes and No labels to the decision branches.
6. Apply suitable colors and align the shapes neatly.
7. Test the flowchart and save the design.

Output:

Result: A flowchart illustrating the operation of the Network Switching Subsystem in a mobile cellular system was created.
